4. Dollars & Cents

C Program

```c
#include <stdio.h>

int main() {
    int d1, c1, d2, c2, total;
    scanf("%d %d %d %d", &d1, &c1, &d2, &c2);

    total = d1 * 100 + c1 + d2 * 100 + c2;
    printf("%d\n%d\n", total / 100, total % 100);

    return 0;
}
```

Note: Convert both amounts to cents, add them, then convert back to dollars and cents.
